Praise Reports

Megan Hawkes: Praise report! March 9, 2010 will mark a day of celebration for the Hawkes family. Amanda will turn 16! That wouldn't be a big deal if she weren't a walking testimony to God's healing. Just 6 weeks after surgery, Amanda is spending part of each day at school, making good progress in physical and occupational therapy sessions, and being a lovable goofy teenager.

There have been no seizures since she left the hospital, and the first follow-up with the neurologist will be Wednesday. Praise God!

Rod Pinder: Thank God for the wonderful Mission Dinner Sunday night. Attendance was good, food was delicious and abundant and the program was interesting, inspiring and informing. But what really excited me was the ways I saw members of the church loving and caring for one another and sharing the love of Christ in words and actions. I love what God is doing among us! Also, this week, please pray that God's presence in our worship services will be so powerful and so compelling that none of us will ever even consider "skipping church."
